# THE JASPER NEWS

VOL. VII.

JASPER, MISSOURI, THURSDAY, AUGUST 17, 1905

NO. 50

## She is the Pride and Joy of the Family

And what is that you call the pride and joy of the family? It is the faithful Missouri Hen. Some say Missouri is noted for its beautiful women; some say you can come nearer raising a little of everything in Missouri than any other State and that more good mules were bought from our state for the late war with Spain than any other in the Union. So we say stand up for Missouri, but give the old Hen the proper credit, for she is the pride and joy of the family and if we could remove the eagle from our dollar and in its place put the Missouri hen it would be then and not till then would we believe she had the proper credit. For the Jasper News informed us last week that she laid one billion Eggs in our state last year and just think what you can buy of us with the Hen Eggs. Our stock of Dry goods are bright, new goods, and we are receiving new fall goods right along and don't believe you have ever seen as nice patterns in Jasper as we have, and all it takes to buy them is the Hen Eggs. Our Shoe stock is far ahead of any thing ever before shown in Jasper and we would call our Walkover shoe the pride and joy of the family, if that did not properly belong to the Hen. And our Pingree Shoe, our Huiskamp Shoe and Great

Western Heavy shoe are all good makes and you can buy any of them with your hen eggs. Our grocery stock is all new and about the same as other people's groceries, but pay you a little more for your butter and the hen's eggs. While our Drug stock is in first class order and 10 per cent cheaper than anyone else, and we are real glad to exchange anything in it for your hen eggs. Our Hardware, American Fence, Superior Stoves are ready for you. Just give us the hen eggs and take your choice.

Our Implements—Whoa! You must stop, take off your hats for in that line we include the Genuine T. G. Mandi Wagon with dust proof hubs, 7 braces on bottom of bed, 2 extra spokes in each wheel and said to be by the farmers the best running wagon when loaded ever used in Jasper county, and you can exchange your hen eggs for it, for we recognize the old hen as the pride and joy of the family. Our Buggies—Henney and Blue Ribbon; our Plows, the Moline Walking, Goodenough sulky, Best Ever gangs; our Discs, Harrows, Osborne and Moline are all standard goods, but gladly will we exchange with you anything we have for the product of the hen, for she is the pride and joy of the family. Come and see us.

#### FOR THE BIG CONVENTION

JASPER PREPARING FOR CO. SUNDAY SCHOOL WORKERS

Convention will Begin Monday Night With an Address by Dr. Jeffrey, of Carthage

Jasper is making big preparations for the 38th annual convention of the Jasper County Sunday School Association which will be held in this city next week. The convention will be held in the M. E. Church and the opening session will be held on Monday night when an address will be given by Dr. T. W. Jeffrey of Carthage.

The entertainment of the convention has been placed in charge of a committee

composed of four members from each of the five Sunday Schools of the city, with N. A. Mackey as chairman.

Eight young ladies made a canvass of the town yesterday soliciting entertainment for the delegates of whom upwards of a hundred and fifty are expected. The committee was rather disappointed in the response, however, as they did not secure places for near that many visitors. It is hoped that all who can possibly do so will entertain delegates as it is desired to show the visitors that Jasper is equal to the occasion.

It was the first intention to adopt the Harvard plan of entertainment, which is for the delegates to be given lodging and breakfast at the Jasper homes and their dinners and suppers to be furnished by some church organization at a nominal cost near the place of holding the convention. This plan is being used a great deal on such occasions, and is preferred by many, as it enables the women folks, upon whose shoulders

fall most of the burden of entertaining, to attend and enjoy the sessions of the convention. However, as there are some objecting to this mode, the committee has decided to fall back to the old plan of entertainment.

Beginning Monday night the convention will be in session Tuesday and Wednesday, closing Wednesday afternoon.

#### AN OPEN MEETING

Royal Neighbors Will Entertain Their Friends.

The Royal Neighbor lodge of this city will hold an open meeting at their hall on Friday night, August 25. The Royal Neighbor team of Lamar will come and put on the work for the new Jasper lodge, giving a public exhibition of a part of the work on the street.

After the work in the lodge room a short program will be rendered and the ladies will serve refreshments. The price charged for admission and supper will be fifteen cents.

#### HIS NOSE BROKEN

ERNEST CRAWFORD GETS A HARD JOLT.

Struck On The Nose With A Revolving Crank And Nearly Killed.

Ernest Crawford, the 15 year old son of Mrs. Geo. Peison came near being killed by being struck with a revolving crank just between the eyes last Friday. As it was he received a badly broken nose.

The accident happened at the Jasper Elevator where the boy was at work. In dumping the wheat from the wagons the front end is raised several feet in the air by means of a windlass and Ernest

was turning the crank which raised the wagon, when his hands slipped off the handle letting it fly back with tremendous force. The flying handle struck him square on the nose bone just between the eyes. The blow sent him sprawling backward and laid him out for a short time.

He was taken to Dr. Knott's office where it was discovered that the upper part of the nose had been broken. The doctor set the fracture and the boy seems to be getting along all right. It is said that if it had struck him an inch higher he would have undoubtedly been killed.

#### Public Sale.

C. E. Wright the well known farmer living 2 1/2 miles southwest of the city has advertised a public sale at his home on Thursday, August 24, at which he will sell 4 head of horses, 20 head of cattle and 6 head of hogs together with a lot of farm implements. He also advertises his 80 acre farm for sale at private sale.
